Category	Level	Exact Topics	Practice	Output
Excel	Basic	SUM, AVERAGE, COUNT, Sorting, Filtering	Total Sales data	Basic analysis
	Intermediate	IF, COUNTIF, SUMIF	Condition-based data	Logical analysis
	Lookup	VLOOKUP, XLOOKUP, INDEX-MATCH	Join 2 tables	Data linking
	Advanced	Pivot Table, Pivot Chart	Region-wise dashboard	Fast analysis
	Cleaning	Remove duplicates, Text to Columns	Raw data clean	Clean dataset
SQL	Basic	SELECT, WHERE, ORDER BY, LIMIT	Simple queries	Data extract
	Aggregation	GROUP BY, HAVING, COUNT, SUM	Sales summary	Data summary
	Joins	INNER, LEFT, RIGHT JOIN	Multi-table data	Real-world queries
	Advanced	Subqueries	Nested logic	Complex queries
	Window Fn	ROW_NUMBER, RANK	Ranking data	Advanced analysis
	CTE	WITH clause	Structured query	Clean SQL
Python	Basic	Variables, loops, functions	Small scripts	Coding base
	Pandas	read_csv, head, info	Dataset explore	Data understanding
	Cleaning	fillna, dropna, duplicates	Dirty data clean	Ready data
	Manipulation	groupby, merge, filter	Transform data	Analysis ready
	NumPy	Arrays, math ops	Numeric data	Efficiency
Visualization	Charts	Bar, Line, Pie, Histogram	Graphs banana	Visual clarity
	Tools	Matplotlib, Seaborn	Plot practice	Better charts
	Insight	Trend, comparison	Case study	Storytelling
Power BI	Basics	Data import, visuals	Simple dashboard	Start
	Data Model	Relationships	Multi-table connect	Data flow
	DAX	SUM, CALCULATE	KPI create	Smart dashboard
	Advanced	Slicers, drill-through	Interactive report	Pro dashboard
Statistics	Basic	Mean, Median, Mode	Dataset analysis	Understanding
	Intermediate	Std Dev, Variance	Spread analysis	Insights
	Relation	Correlation	Pattern find	Decision making
Machine Learning	Basic	Linear Regression	Prediction model	Basic ML
Projects	Project 1	Sales Dashboard	Excel/Power BI	Portfolio
	Project 2	Customer Analysis	Python/SQL	Real skill
	Project 3	Financial Analysis	BI Tool	Strong profile
Business Skills	Thinking	Problem solving	Case study	Analyst mindset
	Communication	Storytelling	Explain project	Interview clear
Extra	GitHub	Upload projects	Portfolio	Visibility
	Kaggle	Practice datasets	Challenges	Experience
